The Story of **CLIMATE CHANGE**

**A first book about how we
can help save our planet**

Catherine Barr and Steve Williams
Illustrated by Amy Husband and Mike Love

Frances Lincoln
Children's Books

Billions of years ago, Earth was very hot.

Rivers of red lava and tumbling black rocks snaked across a burning globe, while erupting volcanoes spewed clouds of dust into the sky. Earth's first atmosphere was made of a swirling mix of poisonous gases that wrapped around it.

Smelly gas

4.5—2.3 billion years ago
