"I have quite a few of your Visual books and have been very pleased with all of them. I love the way the lessons are presented!"

Mary Jane Newman (Yorba Linda, CA)

"I just purchased my third Visual book (my first two are dog-eared now!), and, once again, your product has surpassed my expectations."

Tracey Moore (Memphis, TN)

"I am an avid fan of your Visual books. If I need to learn anything, I just buy one of your books and learn the topic in no time. Wonders! I have even trained my friends to give me Visual books as gifts."

Illona Bergstrom (Aventura, FL)

"Thank you for making it so clear. I appreciate it. I will buy many more Visual books."

J.P. Sangdong (North York, Ontario, Canada)

I can just grab a book and use it at my computer, lesson by lesson. And I understand the material! You really know the way I think and learn. Thanks so much!"

Stacey Han (Avondale, AZ)

"I absolutely admire your company's work. Your books are terrific. The format is perfect, especially for visual learners like me. Keep them coming!"

José A. Mazón (Cuba, NY)

"I am an avid purchaser and reader of the Visual series, and they are the greatest computer books I've seen. The Visual books are perfect for people like myself who enjoy the computer, but want to know how to use it more efficiently. Your books have definitely given me a greater understanding of my computer, and have taught me to use it more effectively. Thank you very much for the hard work, effort, and dedication that you put into this series."

Author's Acknowledgments

The book you hold in your hands is not only an excellent learning tool, but it is truly beautiful as well. I am happy to have supplied the text that you will read, but the gorgeous images come from Wiley's crack team of artists and illustrators. The layout of the tasks, the accuracy of the spelling and grammar, and the veracity of the information are all the result of hard work performed by project editor Jade Williams, copy editor Kim Heusel, and technical editor Dennis Cohen. Thanks to all of you for your excellent work. My thanks, as well, to acquisitions editor Jody Lefevere for asking me to write this book.
