Soviet and Post-Soviet Politics and Society (SPPS)

ISSN 1614-3515

Founded in 2004 and refereed since 2007, SPPS makes available affordable English-, German-, and Russian-language studies on the history of the countries of the former Soviet bloc from the late Tsarist period to today. It publishes between 5 and 20 volumes per year and focuses on issues in transitions to and from democracy such as economic crisis, identity formation, civil society development, and constitutional reform in CEE and the NIS. SPPS also aims to highlight so far understudied themes in East European studies such as right-wing radicalism, religious life, higher education, or human rights protection. The authors and titles of all previously published volumes are listed at the end of this book. For a full description of the series and reviews of its books, see www.ibidem-verlag.de/red/spps.
